EMPLOYMENT HISTORY

Freelancer at Blåsmo AS, Orkanger, Norway

November 2021 — Present

- I started my own freelance business which allowed me to work with my 15+ active freelance clients.
- My goal was to find clients so that I could grow my connections within the development community.
- Actively search for new clients to further improve my portfolio and become a better developer with more experience.

Intern at Biztek AS, Orkanger, Norway

August 2021 — July 2022

- Worked as an intern at Biztek through school - gained a lot of experience from professionals in programming and consulting.
- Worked on websites with my own clients that will be deployed for the world to see, which is a great experience to have on my resume and portfolio.

EDUCATION

Preliminary course, Norwegian University of Science and Technology (NTNU), Trondheim, Norway

August 2022 — June 2023

I will be taking a preliminary course at NTNU so I can take a bachelor's degree in programming.

Programming, Kristiania University College, Oslo, Norway

August 2022 — June 2025

I will be taking a three-year bachelor's in programming to further develop my skills and experience so I can work within my ideal occupation.

CERTIFICATIONS

Elements of AI

May 2020 — Present

The University of Helsinki and Reaktor mooc.fi collaborated on a certification course for Artificial Intelligence, which I took and passed in 2020.

HOBBIES

I enjoy developing for the web in my free time, I either work on my projects or take projects from various clients that I have on Upwork.

I have been developing for the web for the past five years, and I am not planning on stopping anytime soon.

As of right now, I have worked with over 50 clients where I have gotten positive feedback from all, I strive to make my clients happy and satisfied.
